 </td>	<td style="text-align: justify; padding: 1px; margin: 0px;">Open yourself up to the possibilities that come with the willingness to explore an action-filled life on the back of the Modenas GT128, the moped that exceeds all expectations.◆ For those more concerned with substance over style, rest assured that its 130cc 4-stroke SOHC engine packs 7.18kW horsepower at 7500 revs per minute and a torque of 10.7N.m at 5500 rpm to guarantee you smooth, powerful acceleration.◆ The twin-piston mechanics of the front and rear brake disc systems are assurance that your machine can be brought to a swift and secure halt come rain or shine. The GT128 is not something that will burn a hole in your pocket either; the throttle-positioning sensor (TPS) that accompanies the Keihin carburetor helps you optimize and economize fuel usage while providing a smoother response during acceleration. The GT128's haughty profile is complemented by its eye-catching crystal tail lights, which bear an uncanny and flattering resemblance to that of superbikes.◆ As one of the best motorbikes in its category, you could hardly go wrong with the Modenas GT128.</td>
